Project Use Case & Deployment Confirmation Certificate

This is to formally acknowledge that the following student(s) from K.R. Mangalam University have successfully undertaken and completed an industry-based project under our mentorship, in alignment with the stated objectives and requirements of our organization.

Project Details:

- **Project Title:** CodeIn (Virtual coding Interview Platform)

- **Domain/Technology Used:** React.js, Next.js, Clerk Authentication, Stream Video React SDK, Monaco Editor, Convex Database

- **Industry Use Case / Business Problem Addressed:**

CodeIn addresses the challenges of conducting remote technical interviews by integrating real-time video communication and collaborative coding. It provides a seamless platform for interviewers and candidates to interact, code, and evaluate skills effectively from remote locations.

- **Expected Outcome/Utility of the Project in Our Organization:**

The project aims to enhance the remote hiring process by offering a reliable, secure, and efficient coding interview platform. It will support technical assessments, talent acquisition, and internal skill evaluation processes, thereby improving hiring efficiency and promoting digital collaboration within the organization.
